The Village Effect. In this surprising, entertaining and persuasive new book, psychologist Susan Pinker shows how face-to-face contact is crucial for learning, happiness, resilience and longevity. From birth to death, human beings are hard-wired to connect to other human beings. Face-to-face contact matters: tight bonds of friendship and love heal us, help children learn, extend our lives and make us happy.

## **The Village Effect - Susan Pinker Author**

A lot of research has been done regarding the benefits of social contact. The brain is a social organ as many neuroscientists assert, and we are greatly affected by the degree of face-to-face contact we engage in. "The Village Effect" underscores this, highlighting many studies which illustrate this concept.

While information about diet, exercise, and new classes of drugs were the life-changing breakthroughs of the past decades, the new evidence is that social bonds - the people we know and care about-are just as critical to our survival. The Village Effect tells the story of the ways face-to-face human contact changes our minds, literally.
